Canadians Within City  
Itself, Engaging Germans  
In Desperate Fighting

## ENTER WEST PART OF CITY

Teutons Try Desperately To  
Check Advance, But 5 Coun-  
ter-Attacks Are in Vain

## GERMANS LOSE HEAVILY

Lenz again is the center of the fighting on the western front, the Canadians have taken Hill 70 dominating the city from the north and are within the city itself, engaging the Germans in desperate fighting at close quarters, after advancing on a two mile front to an extreme depth of one mile. For several weeks the Canadians slowly have been closing their lines in on the west, northwest and southwest in preparation for a supreme effort to place this center of coal fields of the Pas de Calais in their possession. Hill 70, just east of Lens and north of Lens, was the great stumbling block.

## Clear Important Position

Early Wednesday the Canadians stormed the hill. The splendid effort was successful and within a few hours the important position was cleared of the Germans. The Canadians swept on toward Lens from the northwest capturing several suburbs and entering the western part of the city. The Germans tried desperately to check the Canadian advance, but five counter-attacks were in vain. While suffering only slight casualties themselves, the Canadians inflicted heavy losses on the Germans and captured almost 300 prisoners.

In Flanders the intense artillery fire goes on with undiminished vigor. The infantry has been more active, but except for the French is engaged only in raids. On the Dixmude road northwest of Bixchoote the French made considerable progress. Fighting in northwest Moldavia apparently is lessening in intensity.

## Give Up Height to Germans

In the mountains the Russians and Roumanians have given up a height west of the Oena to the Austro-Germans. In the Putna valley and toward the line of the Sereth Berlin reports Field Marshal Von Mackensen has made some progress, capturing the town of Stratchev. Three hundred prisoners have been captured by the Austro-Germans in the Moldavian theater. Southeast along the Sereth the Teutons have stormed the bridge head at Batlar-teu.

Nicholas Romanoff and the other members of his immediate family have been removed from the former imperial home at Tsarkoe-Seio, where they had been under guard since the March revolution.

A semi-official announcement says it is reported the former emperor is being taken to Tobolsk, beyond the Ural mountains in Siberia. Tobolsk is far from a railroad and is reached only by a long overland journey or by an occasional river steamer.

## In Close Grips With Germans

British Front in France and Belgium, Aug. 15.—By The Associated Press.—After the brilliant advance this morning in which the Canadian captured Hill 70 and then swept on northwest of Lens, the attackers late today were in close grips with the Germans in the western part of Lens.

The attack began at 7:25 o'clock just as the first grey streaks of dawn were appearing. All night the British big guns had been pouring a steady stream of high explosive shells into the German positions, great detonations swelling into a mighty thunder that shook the ear and stunned the senses. Then a short time before the hour of offensive the batteries abruptly ceased, and an oppressive stillness, fraught with the portending cataclysm which must follow, settled over the country which until then had been an inferno of death. It had been raining and grey clouds still hung low over the trenches where crouched the Canadian infantry.

## Guns Break Out Suddenly

Suddenly, ten minutes before the time set for the attack, every British gun within range broke out with a hurricane of fire and crimson lightning beamed from the German trenches as the shells exploded in them. To this lurid picture was added the unforgettable spectacle of the burning oil which the British threw on the enemy lines. Great clouds of pinkish smoke rolled across the country from the flaming liquid and the murky sky threw back myriad colors from the conflagration below.

The moment of attack arrived and as the British guns dropped their protecting barrage in front of the Canadian trenches the clouds parted and the yellow crescent moon appeared. Under her light the Canadians leaped over the parapets and

## COUNTER THREAT OF GENERAL STRIKE

Industrial Workers Serve Notice On Four Governors

State and City Officials Declare Law Will Be Allowed to Take Its Course Against Men Who Propose to Let the Harvest Rot in Retaliation for Alleged Persecution.

Spokane, Wash., Aug. 15.—Threat of a general strike by Industrial Workers of the World was energetically countered tonight by state and city officials who declared the law would be allowed to take its course against the men who proposed to let the harvest rot and to tie up activities necessary to the war in retaliation for "systematic persecution against our members."

Says 55,000 Men Will Quit.

James Rowan, district secretary of the Industrial Workers announcing that a general strike would be called August 20 in Washington, Idaho, Montana and Oregon unless the organization's demands were granted, said 55,000 men would quit work. The organization served notice on the governors of the four states that they wanted all "class war" prisoners released, a ten hour day in the harvest fields, better sanitary conditions, no discrimination against union men and the privilege of organizing workers.

## Prepared for Emergencies.

In reply to the threat, Governor Moses Alexander of Idaho said his state was "prepared for all emergencies."

"I have made arrangements to protect every industry in this state from any attack, first by law and second, if necessary, by force," he declared. "No man will be permitted to interfere with the industry of this state now engaged in keeping the nation at war with a foreign enemy with necessary products or materials."

G. L. Baker, mayor of Portland, Ore., where 20 Industrial Workers are in custody charged with various offenses, several having been put to work on the rock pile, said:

"Let them strike. No Industrial Workers will be released here unless by due process of law."

## GOOD NATURED CROWDS. RAID SUFFRAGE BANNERS

Police Pay Little Attention Until Near Dusk When Reserves Clear Street in Front of Woman's Party Headquarters.

Washington, Aug. 15.—Raids by good natured crowds on suffrage banners were continued today, the women using their emblems either as they emerged from the headquarters or as soon as they appeared before the White House. The police paid little attention until near dusk when reserves cleared the street in front of the headquarters and formed a cordon about the pickets at the east White House gate.

There was one fight among several men that promised for a few minutes to become serious, but when the banner that caused it all had been torn into fragments the participants seemed satisfied.

One woman who carried a banner lost most of her clothes and she had to wrap herself in the banner itself before she started thru the crowd for suffragist headquarters. Another delighted the spectators by calmly pulling down into a white stocking, pulling out a banner and unfurling it.

Officers of the woman's party said tonight one banner addressed to "Kaiser Wilson" and forty-nine others had been destroyed during the day.

Secretary Daniels issued a statement today warning persons connected with the navy not to take part in demonstrations against the women.

## EXPECT OFFENSIVE ON GREATER SCALE

COPENHAGEN, Aug. 15.—The renewal of the entente offensive on the western front on a greater scale than ever before is looked for by German newspapers, according to Berlin despatches. It is expected that the new allied attempt may be made on a section of the front heretofore quite calm.

## WANTS AMOUNT OF FOOD INCREASED

PARIS, Aug. 15.—Deputy Thierry-Carès yesterday addressed an urgent request to Maurice Violette, minister of subsistence, asking him to increase to 500 grams instead of 300 the daily amount of food to be allotted the population. With the two additional 200 gram allotments already provided for this will make a total of 900. The deputy said the majority of peasants live in the open air and eat principally soup and bread and they will regard it as an injustice if they are not allowed to eat their fill of grain they themselves raise.

## French Text of Pope Benedict's Peace Plan

LONDON, Aug. 15.—By The Associated Press.—The foreign office tonight issued the French text of the letter from the pope to the king including a copy of his appeal to the heads of the belligerent people.

"Your Majesty: The holy father, anxious to do everything he can in order to put an end to the conflict which for the last three years has ravaged the civilized world, has decided to submit to the leaders of the belligerent peoples concrete peace proposals exposed in a document which I have the honor to attach to this letter. May God grant that the words of his holiness will this time produce the desired effect for the good of the whole of humanity."

"The holy see, not having diplomatic relations with the French government or with the government of Italy or the United States, I very respectfully beg your majesty to be good enough to have handed a copy of his holiness' appeal to the president of the French republic, to his majesty, the King of Italy, and to the president of the United States. I also beg to add twelve other copies which I request your majesty to be good enough to hand to the leaders of the nations friendly to the allies, with the exception, however, of Russia, Belgium and Brazil, to whom the document has been sent direct."

"I have the honor to sign myself your majesty's very humble and devoted servant."

(Signed) "Pope Benedict's Appeal"

"To the leaders of the belligerent peoples:

"Since the beginning of our pontificate the horrors of a terrible war let loose on Europe we have in view above everything three things to preserve: perfect impartiality towards all belligerents as is suitable for him who is the common father and who loves all his children with equal affection. Continually to attempt to do all the good possible and that without exception of person without distinction of nationality or religion as is dictated to us by the universal law of charity which the supreme spiritual charge has confided to us with Christ. Finally, as our pacific mission also requires to emit nothing as long as it was in our power which might contribute to hasten the end of this calamity by trying to lead people and their leaders to more moderate resolution to hasten a serene deliberation of a peace just and durable."

## Publicity Not Given to All

"Whoever has followed our work during these three painful years which have just passed has been able to recognize that if we had always remained faithful to our resolve of absolute impartiality and to our attitude of benevolence, we have not ceased to exhort the peoples and the belligerent brothers again to become brethren, altho publicity has not been given to all that we have done to attain this very noble aim."

"Towards the end of the first year of the war we addressed to the nations in conflict most lively exhortations and more we indicated the part to be followed to arrive at a stable and honorable peace for all."

"Unfortunately our appeal was not heard and the war continued another two years with all its horrors. It became even more cruel and extended over the earth, over the sea and in the air and one saw desolation and death descend upon the cities without defense, upon peaceful villages and on their innocent population and now no one can imagine how the sufferings of all would be increased and aggravated if other months, or worse still, other years are about to be added to this sanguinary triennium."

"Is this civilized world to be nothing more than a field of death? And Europe so glorious and so flourishing, is it going as if stricken by a universal madness to run to the abyss and to lend its hand to its own suicide? In such a terrible situation as in the presence of a menace so serious we who have to particular political aim, who don't listen to suggestions or to the interests of any of the belligerent parties but are solely impelled by a sentiment of our supreme duty as the common father of the faithful, by the solicitation of our children, by the implore our intervention and our pacifying work. Thru the voice even of humanity and of reason we once more emit the cry of peace and we renew a pressing appeal to those who hold in their hands the destinies of nations. But in order no longer to speak in general terms as the circumstances had counseled in the past we now wish to make a more concrete and practical proposal and to invite the governments of the belligerent people to come to an agreement upon the following points which seem to be a basis of a just and durable peace leaving to them the task of analyzing and completing them."

"The whole world recognizes that the honor of the armies of both sides is safe. Incline your ears therefore to our prayer. Accept the fraternal invitation which we send you in the name of the Divine Redeemer, the prince of peace. Reject on your very grave responsibility before God and before man."

"On your duty depend the repose and the joy of innumerable families, the life of thousands of young people; in a word the happiness of a people for whom it is your absolute duty to obtain their welfare."

"May the Lord inspire your decision in conformity to His very Holy will. May God grant that while meriting the applause of your contemporaries you will also obtain in the future generations a splendid name of pacificators."

"As for us closely united in prayer and in penitence with all those faithful souls which sigh for peace we implore for you the light and counsel of the Divine Spirit."

(Signed) "Benedict."

"At the Vatican, August 1."

## FAIL TO INDICATE WHEN STRIKE WILL END

KANSAS CITY, Mo., Aug. 15.—Two conferences today—one attended by F. L. Pelek, of the federal department of labor, Mayor Edwards and street railway officials and a two hour discussion among business men and strikers' representatives failed to indicate when Kansas City's tramway tie-up would cease. An intermittent rain fell throughout the day adding to the woes of erstwhile street car patrons who were transported in all manner of vehicles. The conference of business men and strikers at least gave the public a clear understanding as to the street car men's demands which include a contract with the Amalgamated Association of Street & Electric Carmen that all new employees shall become members of that organization within thirty days of their employment and that negotiations between the company and the men shall be handled by that organization.

## TO TAKE OVER WHEAT CROP IF NECESSARY

Food Administration Forms  
Corporation to Buy  
and Sell Wheat

## FIRST MOVE OF SERIES

Distribution of Flour by Wholesalers and Baking to Be Taken Up Next

## PRICE FIXING BODY

WASHINGTON, Aug. 15.—The food administration prepared today to take over the entire 1917 wheat crop if necessary to stabilize prices throughout the year. It formed a fifty million dollar corporation with all of the stock held by the federal government to buy and sell wheat at the principal terminals.

## Move to Reduce Price of Bread.

The move was the first of a series to be taken to reduce the price of bread. Millers already have agreed to put themselves under voluntary regulations and are working out with the food administration a differential of profits. Distribution of flour by wholesalers and the baking of flour will be taken up next. The hope of the food administration is to establish a scale of prices from the farm to the grocery store eliminating undue profits and ending speculation. In announcing formation of the wheat corporation, the food administration also made known the personnel of a commission which will fix a price to be paid for this year's wheat yield and the names of thirteen men who will act as purchasing agents for the corporation at terminals.

The wheat corporation will be put under the administration's grain division. Its chairman will be Herbert Hoover and its president Julius Barnes, a Duluth exporter. The price fixing committee will be headed by President Garfield of Williams college, and will comprise twelve members, representing producers and consumers. The wheat corporation will handle all allied grain purchases and will do the buying for the American government. If found advisable it also will serve as broker for the milling interests. The allies will be required to purchase flour instead of wheat on the theory that manufacturing costs will be reduced and American industry encouraged.

## To Give Work Entire Time.

All the grain men who are taken into the food administration's grain division will disassociate themselves from business interests and will give their entire time to the government without remuneration. Authority to license grain elevators and milling concerns was given formally to the food administration today in a proclamation by President Wilson. Mr. Hoover hopes that operation of the licensing system will make unnecessary any extensive government purchases of wheat except for the government itself and for the allies.

More than 100 representatives of boards of exchanges and elevator systems came to Washington today for a conference with officials on the government's plans. At the end of an all day meeting they issued a statement regarding the food committee proposals.

No plans have been made for grain purchases by neutral countries altho it is likely all will be required to buy thru the food administration. This will give the government a close check on purchases and will aid the exports council. Just now no food of any character is leaving the United States for the European neutral countries.

## Officers of Corporation

The following executive officers have been named:

Herbert C. Hoover, chairman.  
Julius Barnes, Duluth, Minn., president.  
Gates W. McGarrath, New York, treasurer.  
F. G. Crowell, Kansas City, vice president.  
Edward Chambers, Chicago, transportation director.  
J. W. Shorthill, York, Neb., secretary.

## Price Fixing Commission.

The personnel of the wheat price fixing commission was announced as follows:

Henry A. Garfield, president of Williams College, chairman.  
Charles J. Barrett, Union City, Pa., president of the Farmers Union.  
William N. Doak, Roanoke, Va., vice president of the Brotherhood of Railroad Trainmen.  
Eugene E. Funk, Bloomington, Ill., president of the National Corn association.  
Edward F. Ladd, Fargo, N. D., president of the North Dakota Agricultural College.  
R. Goodwyn Rhett, Charleston, S. C., president of the chamber of commerce of the United States.  
J. W. Shorthill, York, Neb., secretary of the national council of farmers' co-operative association.  
James W. Sullivan, Brooklyn, N. Y., of the American Federation of Labor.

## Proposes Reduction of Armaments

First of all the fundamental points must be that the material force of arms be substituted by the moral force of right from which shall arise a fair agreement by all for the simultaneous and reciprocal diminution of armaments according to the rules and guarantees to be established in a measure necessary and sufficient for the maintenance of public order in each state. Then in the substitution for armies the institution of arbitration with its high pacifying function, according to the rules to be laid down and the penalties to be imposed on a state which would refuse either to submit a national question to arbitration to accept its decision.

"Once the supremacy of right has thus been established all obstacles to the means of communication of the peoples will disappear by assuring, by rules to be fixed later, the true liberty and community of the seas which would contribute to the numerous causes of conflict and would also open to aid new sources of prosperity and progress."

"As to the damages to be repaired and as to the war expenses we see no other means of solving the question than by submitting as a general principle the complete and reciprocal condonation which would be justified moreover by the immense benefit to be derived from disarmament so much so that no one will understand the continuation of a similar carnage solely for reasons of an economic order."

## Must Restore Territory

"If for certain cases there exist particular reasons they would be deliberated upon with justice and equity, but these pacific agreements with the immense advantages to be derived from them are not possible without a reciprocal restitution of the territory at present occupied."

## EXPRESSES CONFIDENCE IN RUSSIAN PEOPLE

Root Delivers Two Addresses  
In New York City

Denounces the Part Played in Russia by "Men Corresponding to the I. W. W. Here"—Roosevelt Also Speaks at Meetings.

New York, Aug. 15.—Expressing confidence in the Russian people's capacity for self-government, Elihu Root head of the special diplomatic mission to Russia in two addresses here today at this city's official reception to the mission, denounced the part played in that country during its time of peril by "men corresponding to the I. W. W. here, the extreme Socialists and anarchists, with whom the German agents made common cause."

## Roosevelt Spoke at Meeting

Theodore Roosevelt, who also spoke at the meetings first at city hall and then at the chamber of commerce, declared that organizations like the Industrial Workers are criminally aiding German propaganda in this country, adding: "Let us make those who oppose obstacles to the success of the war feel that they are unhelpful traitors."

He further said that "until the United States has placed 5,000,000 men in the fighting line, we will have no right to consider ourselves as standing level with Canada in this fight for democracy" and advocated the putting of American soldiers "in masses on which ever front they are most needed."

At the ceremonies in City Hall Mayor Mitchell presented to Mr. Root, as its first recipient, the medal of the National arts, awarded for distinguished valor in the service of the United States, saying that in leaving his life of safety to undertake the hazards of the mission Mr. Root had shown the American valor and fighting spirit that the medal was designed to signalize.

## Russians at First Bewildered

When the Russian emperor was overthrown, Mr. Root said, the Russians had no institutions of national self-government and were bewildered.

"Then came the propaganda of various groups, one corresponding to the I. W. W. here," he said. "They swarmed back to Russia from the United States, vilifying the land that had given them refuge, declaring that the government in America was as tyrannous as that of Russia under the czar."

"Into this confusion was thrust a great German propaganda that spent money like water, using millions on millions to bribe the people and to buy newspapers. The soldiers were war-weary and it seemed for a time as if the German propagandists had captured Russia."

It was the duty of his mission, Mr. Root said, to carry the message of faith in Democracy to Russia and tell the Russians that there is "a strength in Democracy that conquers all evil."

## Government Gains Confidence

Gradually he said the provisional government has gained confidence under Kerensky.

"I know of no greater instance in the world of competency and constructive government than has been given Russia in the last three months," he said. "Russia has found herself and we need not blush for extending our hand to her."

## The Mission has Returned to America

he continued, "to repeat the message of faith in Democracy here, for here as there, German propaganda is seeking to sap the strength of this free democracy. German money is buying men, inspiring the press and building up a great concealed structure of real treason."

## GIVE OUT ILLINOIS WEEKLY CROP REPORT

SPRINGFIELD, Ill., Aug. 15.—Cool weather and general light rainfall was experienced thruout Illinois, according to the federal crop report given out here today for the week ending Tuesday, Aug. 14.

"Corn is in good condition, but needs rain in some localities," says the report. "Apples are plentiful and peaches are ripening in southern counties."

"Pastures are short in most sections, and vegetables need rain. "Threshing of oats and wheat continues."

"The oat crop is remarkably heavy, averaging as high as 90 to 100 bushels to the acre in some places."

"Plowing for the new wheat planting has begun."

## HOG PRICE ADVANCES

Chicago, Aug. 15.—Choice heavy hogs sold at \$18.00 a hundredweight today, an advance of \$1 since last Friday.

## WEATHER INDICATIONS AND TEMPERATURES

Illinois:—Generally fair Thursday and Friday; slightly warmer Thursday; cooler Friday in north portion.

## ORDERS MINERS TO RETURN TO WORK

Head of Illinois Mine  
Workers Sends Telegrams to Local Unions

## ACT FOLLOWS MEETING

Farrington Refuses to Make  
Statement, Saying Order  
Speaks for Itself

## SITUATION DESPERATE

SPRINGFIELD, Ill., Aug. 15.—Threatening striking coal miners with expulsion from the organization, Frank Farrington, president of the Illinois United Mine Workers, tonight sent telegrams to the presidents of fifty eight miners' local unions of the state ordering drivers, motormen and other day hands under the jurisdiction to resume work immediately. Farrington's action followed an all-day session here of the executive board of the United Mine Workers and is the direct result of the ultimatum issued yesterday by the mine operators of the state.

## Call Attention to Agreement

The presidents are instructed by the order to call meetings to arrange for immediate resumption of work and adds "if drivers and shift hands refuse to report for work they are to be expelled from our union." The attention of miners is called to the clause of the joint agreement with the operators effective last April 1, which provides that pit committees are obliged to furnish men to fill the places of day hands who refuse to return to work.

President Farrington refused to make any statement in regard to the situation saying that the order being sent out speaks for itself. He declined to say whether he thought the order would result in the resuming of operations by all mines which have been affected by the strikes. In his message to the local organizations Farrington said:

"A most serious condition that threatened the very existence of the miners' union is existent in this state. Approximately 20,000 miners are idle in violation of joint agreement. These illegal suspensions cannot be supported by district organizations. Operators flatly and positively refuse to concede increases in wages and insist that full force of our organization be used to force men to return to work."

## Situation Most Desperate

The message further says: "I assure you the situation is most desperate and is subjecting our organization to disrepute. In fact it threatens to demoralize and seriously injure the Illinois Miners' Union and it is the bounden duty of every member to join with the officers of the organization in their effort to force obedience to the requirements of our joint agreement, the laws of our union and the authority of the accredited representatives of our union."

In addition to ordering strikers to resume work, members who fail to respond to the request of the mine committee to aid in replacing expelled employees are classed as equally guilty with the strikers and will also be expelled according to the order. The local presidents are also instructed not to issue any transfer cards to members until authorized to do so by Farrington.

Twenty-five drivers and fifty top men employed at the Peabody Coal company mine at Pawnee, seventeen miles from here, walked out this afternoon making idle a force of 250 diggers.

## Factories on Verge of Famine

Alton, Ill., Aug. 16.—Sixteen factories in Alton are on the verge of a coal famine as a result of the strike in the central Illinois coal fields and unless relief is obtained all will be forced to close at the end of this week.

The heads of the sixteen factories met this afternoon and agreed to pool their coal supply as much as necessary to continue operations until the supply is entirely exhausted.

The company that supplies water to the homes and factories of the city has only enough coal to run a few days, the Illinois Glass company's coal supply will run out Thursday evening and if the fires go out it will take three months to resume operations; the Western Cartridge company will be out of coal Thursday night. Telegrams have been sent to Governor Lowden and President Wilson asking relief. Twelve thousand persons are employed in factories that will be forced to shut down if coal is not obtained quickly.

## WILSON NOMINATES MURDOCK

Washington, Aug. 15.—Victor Murdock, former representative from Kansas and Progressive leader, was nominated by President Wilson today to fill the vacancy on the federal trade commission caused by the death of Will Parry.

## BIG TROUBLE FROM A SMALL BEGINNING.

"Behold how great a matter a little fire kindleth," is proven again in the case of a St. Louis woman who has just started a \$55,000 damage suit against the Terminal Railway company. The trouble all started over a dispute about the payment of a 5c street car fare.

## ONE WAY TO CLEAN A CITY.

East St. Louis is in dire trouble. An army camp has been located there and to conform with the government laws a brewery and about 200 saloons must close up that are within a radius of a few miles of the camp. It is well that something has happened to clean up East St. Louis and the situation there affords a pointer to residents of other cities who have undesirable saloons and are unable to get rid of them. The location of an army camp will do the work.

## SOME DELEGATES WILL BE MISSING.

With England, France and the U. S. refusing to give passports to socialists to attend the much touted convention at Stockholm, it doesn't look as if the attendance would be large. It is generally believed that the socialists most active in arranging for this conference are the agents of the kaiser, and possibly the absence of their friends from the three countries mentioned will not interfere with their deliberations but at any rate the kaiser's plan to spread abroad unrest and distrust, especially in labor circles, will be largely blocked.

**SOME WORTH WHILE ECONOMY ROLLS.**  
The suggestion made by the directors of the bureau of mines that automobile pleasure riding should be cut down in order to conserve the supply of gasoline for the use of the army in movement of aeroplanes, trucks, tractors and other machines includes some ideas for car owners which are mighty practical in times of either war or peace. Half of the great supply of gasoline used in this country is consumed by the pleasure cars and there is no way to cut this down except by the restriction of sales or voluntary action on the part of car owners.

But here are the department's suggestions, which automobile owners can well heed both during the war and the days after, for by so doing they will lessen the costs of operating their cars and at the same time add to the life of the machines:

1. Do not allow your gasoline engine to run idle.
2. Use kerosene, not gasoline, for cleaning purposes in the garage.
3. See to it that the carburetor does not leak. Form the habit of shutting off the gasoline at the tank.
4. By judicious regulation of the mixture of gasoline and air in the motor both greater power and economy of fuel may be obtained.

## EXCHANGING LABOR WITH CANADA.

One good effect of America's entering the war is the wiping out of all distrust and unfriendly feeling in Canada. With present relations the Canadian boundary line is disappearing. The truth of this statement is supported just now by the fact that immigration regulations between the countries have been waived so that for the first time Americans without any restriction may go across the border and labor on Canadian farms. This interchange of workers just at the present time will help in saving foodstuffs for both countries and so will be of mutual benefit.

## MISINTERPRETING DIVINE GUIDANCE.

A slacker has been discovered in LaCrosse, Wis., who claims as close a relationship with the Almighty as does the kaiser, who so often refers to his "divine guidance." The slacker aforesaid gave as his reason for failure to register that God had appeared twice in a vision and ordered him not to register. Both the kaiser and this slacker might well profit by the experience of the young man who declared that he had been called to the ministry because he saw in a dream the letters "P. C.," which he interpreted as meaning "pious Christ." Some of his friends thought the letters meant "pious corn."

## ASSIMILATING THE THE MEXICANS.

There have been many protests filed because of the thousands of colored people who have removed from the south to the northern states attracted by higher wages. In many communities the additions to the population have been so numerous that there are no satisfactory quarters for the negroes and undesirable conditions have resulted. Now it is said that Mexicans are being attracted in large numbers to this country because of the labor demands and the high wages. Possibly by this absorption method the Mexican question can be simplified or even settled. At any rate the coming of the Mexicans at the present time to help out with the labor situation is timely and objections will not be filed either by labor or capital in this country.

## A MENACE TO THE WOOL INDUSTRY.

It was only a few weeks ago that business men of Murrayville and vicinity adopted resolutions addressed to the governor and general assembly of Illinois urging that a law be passed to lessen the damage done to sheep by predatory dogs. The Mor-

gan county men presented arguments to show that great losses accrue to the people each year because of these sheep killing dogs and that the times are such that the conserving and increasing of the sheep and wool supply is very important.

These men sized up the situation correctly if one may judge by a statement just issued by the national sheep and wool bureau of America. This statement says that the wool famine in the U. S. can be traced to the dogs. Thousands upon thousands of sheep are killed each year by dogs and the growth of wool on other thousands is lessened by dogs. A sheep that is chased frequently by dogs will not grow a good fleece of wool. Another present day argument for "decreasing the dog supply" is the fact that these animals consume each year about 100,000,000 pounds of food—enough, it is said, to feed 4,000,000 people for the same period. The Murrayville men tackled a big question in the right way.

## NO TIME TO ANSWER LIES.

A special newspaper writer in Washington declares that a part of Food Administrator Hoover's strength is found in the fact that Hoover is a strong fibered man who does not bother about refuting lies that are told about him. This man, who accomplished such wonderful work in Belgium and in northern France in the name of humanity has the confidence which comes from experience and in the justice of his cause. The writer referred to pays Hoover this tribute:

"There have been more lies told about Herbert Hoover in the last few weeks than about any other man who stands where the public can look at him. One strength in Hoover's make-up is that with work in hand he does not turn from it to waste time to answer lies. He seems to have a standing supply of confidence that his record of doing things will give the lie to the lies."

## AN UNFORTUNATE STRIKE.

(Springfield Record)  
The state officers of the United Mine Workers are doing all in their power to get the miners who have gone on strike in various parts of the state because of disputes over bonuses, to return to work, and if the men are sensible they will heed the warning. By striking in violation of their agreement they are injuring the cause of unionism.

Unless labor keeps faith with the employer, a mutual distrust will grow up which will make the orderly conduct of industry impossible.

President Farrington of the Miners gives good advice to the men when he says:

"Where coal strikes now exist, those responsible for them are not only injuring the miners' union but the entire nation as well, and they are, by their action, destroying the possibility of increasing the wages and improving the standards of the employment of the men employed in the mines of this state. They should immediately return to work in order that the interests of all may be conserved, as local strikes and local rebellions against the constituted authority of the union will be of no avail."

## RETIRED FARMERS ANSWER CALL TO LABOR.

The old saying of "Young men for war and old men for counsel" bids fair to undergo some revision, especially as related to the farming community. Because some of the young men are going to war and further on account of the general scarcity of labor, a great many farmers who considered themselves "retired" are now taking an active part in their farming operations. As a rule these men are finding that they have not forgotten how to work and are undertaking the old tasks with a zeal and enthusiasm which might easily characterize young men. This condition will no doubt be intensified next spring, with more young men in the army and a still greater scarcity of labor, so that the picture of many farmers of mature years plowing, riding the corn planters and the cultivators will be on view not many months hence.

This condition will not be half bad, either, for many a farmer "retires" to his own regret and finds after he has left the farm and turned over the work to other hands that he is restless and really much more apt to grow rusty and wear out than would be true if he were engaged in the activity of actual farming operations.

## THE CHAUTAUQUA FOREWORD.

The Jacksonville chautauqua will open formally tomorrow and every indication points to a most successful series of lectures and entertainments. The directors have labored with special zeal and earnestness, and profiting by the experience of former years have provided a program which will certainly be appreciated by the people. A scanning of the program proves that the directors have planned for a balanced program and that the chautauqua offers something really of merit leading from the opening day clear up to the final number on Sunday, August 26. This will be the sixth assembly of the Jacksonville chautauqua and in arranging for this year the management has recognized that the times are unusual and so they have sought to have the program reflect the spirit of the times. This appreciation of conditions and the purpose in the minds of the chautauqua directors could not be better stated than in these paragraphs which are a part of the "foreword" from the chautauqua program:

"Our country is at war. Our flag is assailed. The blood-bought rights of the American people are menaced. The issue is democracy vs. autocracy, and it becomes our duty to line up the forces of righteousness for the birth of a new freedom. The Chautauqua, 'A Nursery of Democracy,' blazes the way for liberty and freedom. Its free platform brings to the people the world's best endeavors in statesmanship, religion, music, art, education, science and invention to re-enforce and upbuild the Na-

tion, the Home, the Church and the School.

"It is our duty to keep the regular wheels of progress moving and to so plan our affairs that we may live, as nearly as possible, normal lives, for with the great trials and sorrows that may come, we need, more than ever, the wholesome recreation offered by the Chautauqua."

## Rippling Rhymes By WALT MASON

**Poor Germany**  
Old Kaiser Bill is bad enough; you must admit it's pretty tough to have a king like that; a man so arrogant and vain, with egotism so insane his head outgrows his hat. It must be tough to have a king who always says a crazy thing when wisdom's in request, who was, before he took his lance and started trespassing in France, the universal jest. But Kaiser Bill, with all his sins, his withered arm and shriveled shins, has points one may admire; his heart is not entirely stone, and people say they've heard him groan o'er all this blood and fire. The load he carries is so great he'll sink beneath it soon or late, and he will cash his string; then, if the Hohenzollern line be not uprooted, stalk and vine, the kron prinz will be king. The kron prinz, with the weasel face, the runt of a decaying race, the war's prize also ran! When he is monarch Germans will with yearning think of Kaiser Bill, who is at least a man. Poor Germany—To look ahead and think that when your Wilhelm's dead, this prinz will be on deck! It will be punishment severe for all the woes you're causing here, the ruin and the wreck.

## NEGRO BUSINESS LEAGUE MEETING

Chattanooga, Tenn., Aug. 15.—Racial relations, law enforcement, and the negro migration to the north are among the live subjects to receive attention at the 18th annual convention of the National Negro Business League, which met in this city today for a three day session. The convention has brought together many leaders of the race from all parts of the country. In conjunction with the convention there will be meetings of a number of affiliated organizations, including the National Negro Retail Merchants' Association, the National Negro Funeral Directors' Association, the National Negro Press Association, the National Farmers' Association, the National Bar Association and the National Negro Insurance Association.

## NATIONAL OLD TRAILS ASSOCIATION

Pueblo, Colo., Aug. 15.—Pueblo has completed elaborate preparations for the entertainment of hundreds of automobile and good roads enthusiasts who are coming to this city tomorrow to attend the annual convention of the National Old Trails Road Association. The Association is active in promoting the building of a national highway from Washington, D. C., to Los Angeles, Cal. Reports to be presented to the convention show that during the five years of its existence the association has expended more than \$10,000,000 on the project and has completed the construction of more than 1,200 miles of hard surfaced roads.

## MADE GOOD YIELD

Lloyd W. Brown finished threshing work at his farm in the Island Grove neighborhood Wednesday. Seventy acres of wheat made an average of 30 bushels to the acre. Mr. Brown contracted his crop several weeks ago and the yield was 300 bushels in excess of what he had agreed to deliver. On a farm operated by Mr. Brown and owned by his sisters, Mrs. Goltra and Mrs. Dana of St. Louis, 70 acres of wheat had a yield better than 31 bushels to the acre.

## HERE FROM INDIANA.

Mrs. Belle Coffee of Hammond, Ind., is here for a visit with Mrs. Veerlin Daniels. Mrs. Coffee is an aunt of Dr. C. B. Sawyer and a cousin of Mrs. Daniels. She has made a number of visits here but has not been in Jacksonville for several years having been here for the last time in 1897.

Misses Opal and Grace Marshall, daughters of Mr. and Mrs. John W. Marshall, have gone to Southern California for a visit of four weeks. They will be at the home of their great grandmother, Mrs. Mary F. DeLapp, of Los Angeles, and will visit other relatives in Los Angeles, as well as at Huntington Beach.

## GONE WEST.

Misses Margaret K. and Clara C. Moore left Thursday morning for the west. Miss Moore goes to resume her work in Westminster College, at Salt Lake City. Miss Clara C. goes to Loveland, Colorado where she will visit a friend, and take in Estes Park, and other features of that extended and elevated landscape. She will return in time for the school term here.

## VIRGINIA FARMERS' INSTITUTE

Blacksburg, Va., Aug. 15.—The Virginia Polytechnic Institute is entertaining for three days the annual meeting of the Virginia State Farmers' Institute. A large and representative attendance marked the opening of the proceedings today.

## BUY ARMY SUPPLIES IN HUGE QUANTITIES

Purchase for Camp at Ft. Riley Indicates How Great is Task of Feeding and Clothing an Army

Dr. H. C. Woltman is at Fort Riley for his training in army medical work and at least two Jacksonville young men are with the troops there. A special writer for the St. Louis Globe Democrat gives the following under a Fort Riley date line. The story gives some idea of the enormous task the government faces in providing for the daily wants of an army of men in training.

## Getting Supplies a Big Job

The army that will spend the winter at Camp Funston will be amply provided with food and clothing. The requisitions have gone in, and the first half of the supplies is scheduled to be in the warehouses here in less than a week.

Getting the food and clothing for the new army is a big job in itself. Most of that fell upon the shoulders of Capt. Charles Wolcott of the Quartermaster's Department. The years he spent in the regular army have fitted him to be able to judge just how much the ordinary man can eat and what he will wear, even tho he doesn't see him.

For instance Captain Wolcott believes the men camped here will require 1,300,000 pounds of fresh beef during one month. Mutton will be a change for the men, so he has ordered 260,000 pounds of mutton. Occasionally they might like a taste of corned beef, so he ordered 15,000 2-pound cans and 15,000 2-pound cans of corned beef hash. On Friday, the men will want fish, so 44,975 1-pound cans of salmon were ordered.

**1,000 Tons of Flour Ordered**  
All bread will be baked on the reservation, and it is expected 2,000,000 pounds of flour will be required for the first month. Compressed yeast is necessary, so 5000 pounds of that were ordered. A little baking powder goes into the bread and pastry, so 6984 pounds are on the way.

The navy bean, the old army standby, will be with the new army and for the first month 106,900 pounds have been ordered. There will be something like 80,000 cans of baked beans to insure a certainty of plenty.

Capt. Wolcott has ordered 1900 pounds of tea. There will be 320,000 pounds of sugar for the coffee and tea, and 96,000 cans of evaporated cream.

Potatoes and onions are required in large quantities by the men, and 1,300,000 pounds of potatoes and 375,000 pounds of onions will be used. Tomatoes come in handy, and 89,800 cans have been ordered. For dessert the soldiers will be given peaches, apples and prunes, and sometimes even pies may be made out of the peaches and apples. There will be 53,400 boxes of prunes, 17,800 boxes of evaporated apples and the same amount of evaporated peaches.

**Other Purchases**  
Rice is nice for a curry or a dessert so 72,000 pounds of that were ordered.

A few of the other things are:  
Vinegar, gallons ..... 9,000  
Cucumber pickles, gallons ..... 3,515  
Salt, pounds ..... 57,000  
Copper, black, cans ..... 14,400  
Cinnamon, cans ..... 4,932  
Ginger, cans ..... 720  
Cloves, cans ..... 720  
Lard, 5-lb. pails ..... 28,500  
Lard, substitute, pails ..... 28,500  
Butter, pounds ..... 36,000  
Oleomargarine, pounds ..... 22,300  
Soap, pounds ..... 70,000  
Matches, safety boxes ..... 240,000  
The canteens will handle almost everything the men will need that isn't issued to them. There will be 46,000 hair brushes, shaving brushes, tooth brushes and shoe brushes. Cigars, combs, coco, cheese, oysters, pea, pineapples, pipes are a few of the other articles to be sold.

Every man in the army will have to shave once a day, so 46,000 razors have been provided. Evidently some of the men will chew tobacco, for 950 pounds have been ordered, and there will be 100,008 1 ounce bags of smoking tobacco.

The articles that are sold to the men will be sold at almost a cost price, which will be much cheaper than they can get them at any store. There will be seventeen brass bands in the new army. There will be brass, drums and saxophones, euphoniums and oboes, clarinets and bassoons, trumpets and trombones.

Four pairs of breeches are provided for each soldier, with a few extra pairs left over. There will be 100,000 pairs of cotton breeches and 100,000 pairs of woolen ones. There will be 100,000 woolen shirts, the same amount of shoes, heavy woolen stockings, and 50,000 sweaters. There will be 50,000 service hats, the same number of cotton coats, woolen coats, horsehide gloves, belts and 552,500 buttons.

The first half of this order is due not later than August 20, and the last half on September 5.

## "BONE DRY" PLANS FOR MINNESOTA

Minneapolis, Minn., Aug. 15.—Preliminary plans for a campaign to secure the adoption of a statewide "bone dry" amendment to the Minnesota constitution at the election next year were discussed today at a meeting under the auspices of the Anti-Saloon League of Minnesota. The conference was attended by a number of the leading prohibition workers of the state.

Robert Seligman, representative of the Sig. Rosenthal Co. of New York was here the first of the week calling on the dry goods trade. Mr. Seligman was recently married and was accompanied on this trip by his wife.

Mr. and Mrs. Harry Coats are visiting the parents of the former, Mr. and Mrs. John Coats.

Henry Higgins and daughter, Mrs. W. H. Kinison, with her daughter, Miss Helen Kinison are expected to arrive today from Rock Island, where they have been visiting for several days.

## MAURICE FITCH RETURNS FROM 900 MILE AUTO TRIP.

Maurice Fitch and family returned yesterday from a 900 mile auto tour which took them thru Illinois and the northern part of Indiana. The party left here in Mr. Fitch's Buick car on August 5th and went thru Petersburg, Delavan, Bloomington and spent the first night in Ottawa. They went from Ottawa to Aurora and from there to Chicago where they spent some time.

Among other places they visited Fort Sheridan and the Great Lakes Naval Station. On Washington Boulevard they passed Edward Tomlinson but both cars were going at good speed and they just waved a greeting.

Leaving Chicago they journeyed to Michigan City, Ind., and on the return trip they came by way of Kankakee, Rantoul and Champaign. At Rantoul the aviation field was visited and Mr. Fitch said that one could see from one to fifteen aeroplanes in the air at one time. At Champaign they saw soldiers encamped.

The party was fortunate in the matter of good weather and good roads. During the entire trip only a slight shower was encountered outside of Decatur. The trip was made without a puncture or a mishap of any sort and was a most delightful outing.

## FRIDAY WILL BE CIRCUS DAY.

What promises to be the big circus event in Jacksonville is the visit of the John Robinson Shows on Friday, August 17th.

For some reason or other it has been some years since this city has been included in the itinerary of this well known organization, which is said to have been greatly increased in size and dimensions for 1917. Judging by press eulogies from other cities where the big combination has appeared since leaving winter quarters at Americus, Ga., the

performance which now utilizes four circus rings and two stages is of remarkable excellence and entirely free from the tiresome repetition so often seen in this form of amusement.

The aerial acts, riding, racing and hippodrome features are of an unusually exciting and thrilling nature, well calculated to arouse the enthusiasm and appreciation of spectators.

A large and valuable menagerie of wild animals as well as an interesting museum of ancient and modern curios will be shown.

## MAY LOWER AGE LIMIT FOR FIREMEN

There is a rumor being circulated among Chicago, Burlington and Quincy railroad men that the age limit for firemen will be lowered from 21 years to 18 or 19 years. While no definite announcements have been made to this fact as yet it is said there has been some talk among the officials to that effect. The difficulty of securing enough men for service is given as the reason for the proposed change.

## What Do You Know

## About Your Blood Supply?

Your ignorance may startle you.

Few people know of the many functions of the blood supply, and just how important it is that it be kept absolutely free from all impurities. The health of the entire body depends upon the condition of the blood. You are invited to write and obtain a booklet that gives you some invaluable information on this im-

portant subject. It tells how to keep the blood strong and free from the many impurities to which it is constantly subject. It gives the history of S. S. S., the world's most successful blood remedy, which has been sold for more than fifty years by druggists everywhere. This book will be sent free to all who write to Swift Specific Co., Dept. A Atlanta, Ga.

## 'It Works! Try It'

Tells how to loosen a sore,  
tender corn so it lifts  
out without pain.

Good news spreads rapidly and  
druggists here are kept busy dispens-  
ing freezone, the ether discovery of  
a Cincinnati man, which is said to  
loosen any corn so it lifts out with  
the fingers.

Ask at any pharmacy for a quarter  
ounce of freezone, which will cost  
very little, but is said to be suffi-  
cient to rid one's feet of every hard  
or soft corn or callus.

You apply just a few drops on the  
tender, aching corn and instantly  
the soreness is relieved, and soon the  
corn is so shriveled that it lifts out  
without pain. It is a sticky sub-  
stance which dries when applied and  
never inflames or even irritates the  
adjoining tissue.

This discovery will prevent thou-  
sands of deaths annually from lock-  
jaw and infection heretofore result-  
ing from the suicidal habit of cutting  
corns.—Adv.

## MOVE NOT LIKELY TO CHANGE ATTITUDE

Entente Diplomats Confer  
Regarding Pope's  
Peace Proposals

TEXT NOT RECEIVED

Response Must Be Far More  
Comprehensive Than Mere  
Acknowledgement

RESERVES EXPRESSION

WASHINGTON, Aug. 15.—Conferences among entente diplomats today crystallized into conviction the opinion here that Pope Benedict's peace move is not likely to change in any substantial degree the attitude of either the allies or the American government. It is agreed, however, that there must be made response to the pope's proposal far more comprehensive than a mere acknowledgement of receipt. To do this without opening the field to argument which might result in developing differences between the allies to be seized upon by the Germans is realized to be a difficult and delicate undertaking. On the other hand some consideration is being given to the suggestion that the pontiff has given President Wilson a golden opportunity to again impress upon the world the rectitude of his position in recommending to congress the declaration of a state of war with Germany.

Lansing Reserves Expression  
Secretary Lansing is reserving any expression of opinion until he has the official text of the pope's message. Experience has taught him that often traps are concealed in diplomatic communications that are not visible in any abstract.

The official text had not reached Washington tonight, but that fact did not prevent various diplomatic conferences on the subject. These talks may be regarded as preliminary to the more formal exchanges expected to take place among the allied powers before answers are returned to the vatican proposals.

In anticipation of an outburst of peace talk at the capitol plans were

made during the day by senate leaders to prevent open discussion of the subject in the senate. They propose to close the doors upon the beginning by any senator of an address bearing on peace.

May Discuss Plan with Wilson

This program and other measures to deal with various pending peace resolutions and future speeches probably will be discussed with President Wilson within the next few days. Senators of the small so-called pacifist group are expected to oppose the secret session program.

Those who expect President Wilson to make his reply to the pope the occasion for a re-statement of America's reasons for going to war think something of the same kind may be done in London, Paris and Rome to meet Socialist unrest with the purpose of directing the activities of Socialists into proper channels rather than trying to suppress them by force.

Written Entirely by Pope

Rome, Aug. 14.—The peace proposals of Pope Benedict were written entirely in his own hand writing. The pope consulted Cardinal Gasparri, papal secretary of state; Archbishop Ceretti, assistant papal secretary of state and Monsignor Tedeschini, papal under-secretary of state, in formulating the document. Archbishop Ceretti, who arrived recently from America where he stopped on his journey from Australia, is now supervising translation of the communication into English.

The Giornale D' Italia says the papal appeal is the most impressive and most concrete ever addressed to the belligerents, giving them the general lines on which peace negotiations may be instituted. It adds: "The explicit terms in which the note is worded laid the supposition that the intentions of the two belligerent groups are not in absolute conflict with the ideas and hopes of the pope."

The Tribuna expresses the opinion that the peace proposals were made on independent initiative, and that the Entente Powers will not feel in any way constrained to accept them, although they will receive them with the deference due the sender.

The Idea Nazionale says it will abstain from the present from expressing an opinion as to the opportuneness of the papal initiative.

The pope's peace proposals were sent by courier to the European governments. Arrangements were made to cable the document from England to Washington and Tokio, on account of the time which would be required to forward it to those points by courier or mail.

Believe Proposals Unacceptable  
London, Aug. 15.—Some of the morning newspapers refrain from commenting on the pope's peace proposal editorially base their genesis to Austria, and either reject absolutely or indicate the belief that the text when received will show them to be unacceptable. The Daily News which, altho a firm supporter of the Allies aims, has a decided

pacifist leaning, says that whatever reasons which hitherto restrained the pope from coming forward as an official champion for peace, the long delay has materially impaired the advantages the Vatican originally possessed for disinterested intervention.

The Daily News thinks is fairly clear that the pope's appeal was really inspired by Austria but maintains that if his Holiness can really persuade the belligerents to state their conditions in concrete terms he will confer a very great if belated, blessing on mankind, and if he can persuade Germany to declare its willingness to restore the independence of Belgium, Serbia and Rumania and withdraw from other invaded territories the door to peace will be open and a blank refusal by the Allies to negotiate on such a basis would be almost unthinkable.

### OPERATORS REFER QUESTION TO COMMITTEE

Body Will Make Its Recommendations  
to Operators' Association this  
Morning at 10 O'clock.

Chicago, Aug. 15.—Illinois Coal Operators today decided to refer to a committee of seven the question of approving the action of seven of their representatives who signed an agreement with Governor Lowden to accept the price for coal at the mine mouth to be fixed by O. N. Carter, supreme court justice and recently appointed coal controller. This move was agreed to after an all day debate. The committee will make its recommendations to the operators' association at ten o'clock tomorrow morning. The new committee is composed of A. J. Mahoney, G. W. Traer, W. L. Schneck, W. C. Hill, W. E. Jess, J. D. Dering and F. C. Honold. Opposition to accepting the rate of an Illinois coal controller was objected to by many who feel that the whole question of rates will be settled by the federal government. Their objection to open hearings by Judge Carter they said was that trade secrets would be revealed to their customers. They are said not to fear that the state is likely to seize and operate their mines if they do not consent to the agreement.

The conference of the state councils of defense, which will begin here tomorrow morning is expected to have a bearing on the subject. Ten middle states will be represented. The state councils have made it clear that they want to co-ordinate their work with the national government. The coal operators have indicated that they prefer to accept a price fixed by the federal authorities rather than by the various states.

### HAS EVIDENCE OF PRICE RAISING OPERATIONS

Attorney General Conducting Inquiry  
into Coal Prices in Illinois and  
Missouri Makes Announcement.

St. Louis, Mo., Aug. 15.—That positive evidence that members of the fifth and ninth districts, coal bureau, Illinois had operated to increase the price of coal, was in the hands of the commission conducting an inquiry into prices in Illinois and Missouri, was announced at the close of the hearing here today by Attorney General McAllister.

The attorney general said he based his contention on the testimony furnished by P. H. Greenlaw, secretary of the fifth and ninth bureau. During his occupancy of the stand Greenlaw asked that newspaper men be excluded.

"No," said McAllister, "This testimony is open to everybody." Greenlaw admitted mailing circulars telling of the increased dependence of the coal buyers of the fifth and ninth districts and saying that this was a good time to get in and enjoy prosperity.

Terms of contracts were read citing advances in prices of from sixty cents to one dollar a ton in the space of a year. Asked why this advance was made Greenlaw replied: "I do not know."

### FOUR MEN BLOW SAFE OF LITTLETON BANK

QUINCY, Ill., Aug. 15.—Four men blew the safe of the State Bank at Littleton, Schuyler county, a small mining town near here early this morning and escaped with \$3,000 in currency. Altho most of the town folk heard the two explosions which wrecked the interior of the buildings no one molested the burglars who walked a half mile to their car and started toward this city. Search by officials of three counties has been of no avail.

Macomb, Ill., Aug. 15.—One suspect of the quintet which robbed the State Bank at Littleton of \$3,000 last night was arrested at Wyoming, Ill., this afternoon.

### PLACE CAPIASES IN HANDS OF SHERIFF

BELLEVILLE, Ill., Aug. 15.—All capiases based on the East St. Louis race riot indictments returned by the St. Clair county grand jury were placed in the hands of Sheriff Logan Mellon for service at five o'clock this afternoon. No arrests were made today.

Chief Deputy Sheriff Edward Petri said that papers on men indicted would be in the hands of the deputy sheriff in East St. Louis tomorrow morning. It is definitely known that about ten members of the East St. Louis police force have been indicted but the names have not been made public.

### SMITH DIES OF WOUNDS

Peoria, Ill., Aug. 15.—Walter Smith, shot by Special Officer Charles Anderson died tonight of his wounds. Preceding his death he made a statement to the state's attorney. He gave his address as 31 Granite street, Brooklyn, N. Y. Smith started to run when hailed by the officer, who found him prowling about a fashionable residence district, and was shot thru the back.

## ALLIES TAKE HILL DOMINATING LENS

(Continued from Page 1.)

began their advance behind their barrage fire.

Barrage Without Flaw

The British barrage was without a flaw. Behind it the Canadians mounted Hill 70 and swept along the rest of the line. On the crest of the hill where so much blood had been spilled before, heavy fighting might have been expected for the position was well manned with machine guns. The resistance here, however, was not strong and it was not until the outskirts of the suburbs were reached that vigorous fighting occurred.

The first serious resistance from the Germans was met at a point where the enemy was entrenched strongly in connected cellars and here sanguinary fighting occurred.

The place is a sample of other suburbs about Lens. The city is surrounded with colliery communities which are so close together and so near the city proper that they really form one large metropolis.

Lens Now a Mass of Ruins

Lens, before the war had a population of 30,000, but it is now a mass of ruins.

Following their usual tactics the Germans had carried out systematic destructions of the houses and had constructed strong underground defenses. The whole city is undermined with tunnels and dugouts which have been reinforced with concrete and most of the ruined buildings have been turned into machine gun emplacements.

It was in such difficult surroundings as this that the Canadians were battling today.

Prisoners already taken were in a dazed state as the result of terrific bombardment they had undergone and it is not strange, perhaps, that when the British began their barrage fire this morning many Germans were seen to flee to the rear.

The extreme depth reached in the first stage was 1500 yards and this was achieved in 93 minutes. This new front, taken into conjunction with positions secured in the last few days in the southwestern outskirts of Lens, established an angular line like a pair of shears, whose points reached out to the north and south of the city.

As the Canadians pushed in on the northwest this morning a simultaneous advance was started by troops on the lower blade of the shears and close fighting began with the Germans entrenched in their concrete cellars which are linked up with barbed wire and filled with hundreds of machine guns.

A considerable number of German prisoners are beginning to arrive at the British camp and it is remarked that many are mere lads. Some of them apparently are not more than 17 years of age.

## FINE PROGRAM FOR FRANKLIN PICNIC TODAY

The eighth annual chicken fry and burgoo of Sacred Heart church Franklin, is to be held today, and the occasion promises to be one of great interest and pleasure. The program will begin at 10 a. m. and includes a number of special features. Addresses will be made by ex-Gov. Richard Yates and Hon. J. J. Reeve. A cake exhibit will be held, with prizes for the best angel food, cocoanut and chocolate cake. In the baby show prizes will be awarded to the prettiest girl baby under one year and the prettiest boy baby under one year. A horse show is scheduled for 4 o'clock, and a number of athletic contests have also been arranged. Music will be furnished by the Merritt band.

The Chicago & Alton railroad will provide special train service for this occasion. The air line train due at Yoemans at 8:15 p. m. will make connection for Jacksonville at Murrayville, and there will be free auto service to Yoemans.

## MANY PICNICS TODAY

In addition to the big Franklin picnic today, there are two others within convenient automobile distance. In Monument park Winchester, the M. E. church will hold the sixteenth annual burgoo picnic. This evening the ladies of Grace Chapel M. E. church will give their annual supper, serving fried chicken and fish. Preparations have been made for a large crowd and indications are that this picnic will be well up to the standard of other years.

The Winchester picnic has always been a popular one and a number of visitors from a wide territory will without doubt be present.

## CHARLES RANSON HAS FINE COUNTRY HOME

Residence South of the City is Model of Convenience—Formerly the Property of the Late David Winter

One of the highly respected citizens of the county was the late David Winter who lived a few miles almost directly south of the city and who was an especial authority on sheep and had a lot of the best kind on his farm. Mr. Winter died a number of years ago and the place was bought by Charles Ranson who practically rebuilt the house and intends to rebuild pretty much all the outbuildings.

A short time since a Journal reporter had the pleasure of a visit at the place and the Mr. Ranson was unfortunately absent. Mrs. Ranson and her mother, Mrs. Smith were at home and showed the visitors all due courtesy. Mr. and Mrs. Ranson believe in having the comforts and conveniences of life to the full extent as far as possible and they have demonstrated the fact that it is possible in the country. They have an Edison electric light plant with a storage battery which needs charging only at rare intervals and anywhere in the house just turn a button and you have light while the wiring is arranged for vacuum cleaning, toasting for the table and all sorts of things while the little gas-

line engine will do churning, pump water, do washing and a lot of things to which it can be harnessed. The cellar is fully concreted and arranged for washing and all things for which such an apartment can be fitted. The kitchen is a model of convenience with hot and cold water, the whole house being supplied by pressure in the cellar. The floors of the rooms are hard wood and the whole is finished in natural woods varnished and handsome. The front hall is commodious while the parlor, sitting room and dining room can all be thrown together making a delightful effect.

Upstairs there are two guest rooms each finished in a different style while the family rooms are commodious and a large, screened in sleeping porch is fitted up in the latest style. An attic above makes a fine store room and as a whole the house is complete as can be. It is heated with a hot air furnace warming every part while a fire place in the living room adds cheer when desired.

Much more in detail might be written but enough has been said to show that Mr. and Mrs. Ranson have prepared for themselves a comfortable, handsome and convenient abode.

### MORTUARY

#### Towers.

William Richard Towers died at his home, 604 North Prairie street Wednesday evening at 6:30 o'clock. He became ill over a year ago and tho a great sufferer he bore it all with Christian fortitude. Deceased was the eldest son of William and Catherine Towers and was born and reared in this city. He attended the Parochial school and was a great favorite with his fellow pupils. During his entire life he was a faithful member of the Church of Our Savior. One brother, Robert preceded him in death. He is survived by his parents and one brother Joseph.

Funeral arrangements will be announced later.

#### Young

Earl Conner Young died at the home of his parents Mr. and Mrs. Claude Young 409 Hardin avenue Wednesday morning at 10:40 o'clock. Deceased was born at Cape Girardeau, Mo., November 11, 1916. He is survived by his parents. Funeral services will be held from the residence this afternoon at 3 o'clock with burial in Jacksonville cemetery.

#### Ward

Mrs. Mildred Overton Ward died at the family home 504 South Clay avenue Wednesday morning at 8:45 o'clock. She had been ill for some time of heart trouble. Deceased was born in Richmond, Va., December 25, 1844, and grew to womanhood there. She was married in Louisiana Mo., to Robert Ward. She is survived by the following children: Mrs. Bernice Jackson of this city, Mrs. Sarah Head of St. Louis, Mo., and Mrs. Barbara Frye of Springfield. For many years she was a faithful member of the A. M. E. church. Funeral services will be held from the residence Friday afternoon at 2:30 o'clock with burial in Jacksonville cemetery.

### WITH THE SICK

Mrs. Carrie Anderson is ill at her home, 613 North Main street. The venerable Elder Dyer of Arenville is lying very low at the Home Sanitarium and doubts regarding his recovery are entertained. He underwent a severe operation and his age and condition make recovery difficult.

Miss Rose Walsh of Murrayville, who was operated on for appendicitis at Our Savior's hospital Wednesday is getting along satisfactorily.

U. G. Woodman who was injured in a fall from a horse about seven weeks since is still confined to his home, 1047 West State street.

### BIRTHDAY OF LACROSSE

LaCrosse, Wis., Aug. 15.—The Rt. Rev. James Schwebach, head of the Roman Catholic diocese of LaCrosse, was the recipient of many greetings today on the occasion of his seventieth birthday anniversary. Bishop Schwebach is one of the best known as well as one of the oldest among the Catholic prelates in America. He is a native of Luxembourg and came to the United States in 1864. He has been connected with the LaCrosse diocese ever since 1870, the year of his ordination. Last February he celebrated his silver jubilee as a bishop.

### WITH CAVALRY TROOPS

William Peters, a member of troop L of the 13th cavalry located at Ft. Riley, Kans., is here for a brief visit with relatives. Peters, who was formerly employed at the Peacock Inn enlisted several months ago at Jefferson Barracks and was sent to Ft. Riley. His drilling work seems to have agreed with him as he has gained 25 lbs. in weight.

## WM. FAUL FINDS CATTLE RAISING PROFITABLE

Follows Feeding plan which involves Little Work and Brings Good Returns—Prefers Black Polls.

Among the pleasant parts of the county is the road a mile east of the Chicago & Alton railroad and two miles north of Woodson. Along and near this road are some very fine residences and farms. The well known homestead of J. H. Devore is adorned with stately shade trees and fine surroundings while about it are evidences of thrift and industry. It is now owned by P. J. Crotty, but the gentleman wasn't at home when the Journal reporter called.

### Now is Time to Cut Sprouts.

A number of rods north of this farm is another with stately rows of evergreens about a large parallelogram inclosing an orchard. Like grim sentinels the trees stand as if keeping watch over the property of their owner and they make an imposing appearance as one passes along the road. This place is owned by Dillard Fitzsimmons but he too was away from home so the reporter went on his way till he came to the place of Wm. Paul on the road going west toward the railroad. He is a near neighbor to Luther Shepard who also has a pleasant home and a productive farm. Mr. Shepard's son was trimming a rather tall hedge and cutting some sprouts. He said he was doing it in the dark of the moon for at that time the sap runs down in the stalk and when the moon is full the sap rises and the stalks bleed and die easily. In that way August is a good time to cut sprouts which it is desired to kill.

### Timber is Valuable.

Mr. Paul has a tract of sparsely timbered land which makes very good pasture tho doesn't afford nearly as much feed as it would if the trees were removed. They are very valuable tho, ranging in diameter from four to twelve inches. A lot of them are hickory and would make fine spokes for buggy or auto wheels, others are oak and good for posts and all are valuable.

### Pays to Raise Calves.

Mr. Paul raises a good many cattle and says it pays him to raise calves. He lets them run with the mother till weaned by nature. He prefers the Black Polls since for one reason their hides weigh about ten pounds more than the skins of other cattle of the same size and age. They are also good to raise and quiet in disposition. He raises his cattle largely on roughage and pasture feeding but a little grain in very cold weather. This makes the least trouble of any way at this time when help is so scarce. He hucks his corn without cutting it and lets the cattle in on the stalks which helps maintain the fertility of the soil and makes the work of feeding light. In the winter he has shelter when needed and so accomplishes all that can be done in that way. He will sell a good, fat yearling if he gets a good price tho he generally keeps his stock till it is three years of age. He recently sold nine steers and two rough cows for \$110 each for feeders which is a pretty fair return.

### Follows Unique Plan.

One plan he has which is unique. He lets a field of blue grass grow quite rank without pasturing it and then in the winter turns the stock on it and the mature cured grass makes the best of feed. Last January he turned 55 head of stock on 75 acres of such land and they have done well up to the present time with but very little additional feed. Mr. Paul says good stock pays best and the nearer thoroughbred you can get without undue expense the better will be the returns. He says his plan involves the least work and he is reasonably sure of good returns and he surely thinks the time has come when men can raise calves profitably on anything short of the highest priced black prairie land.

**WISCONSIN MUNICIPAL LEAGUE** Racine Wis., Aug. 15.—Several hundred delegates, including the mayors of more than 50 cities, were on hand here today for the opening of the nineteenth annual convention of the League of Wisconsin Municipalities. Mayor C. B. Clarke of Meenah, is to preside over the three days' sessions, and judging from the large attendance and the attractive program the convention will be the most profitable in the history of the association.

The annual report prepared by Secretary Ford H. McGregor shows that 40 cities have joined the league during the past year. All the cities of Wisconsin with a population of 5,000 or over are now members of the organization.

A large number of new problems which the war has brought before cities will be emphasized at this convention, along with the usual subjects. Questions of registration for the army and the draft will be considered. Municipal employment bureaus to aid the state and county officials of defense, and city markets also will be discussed.

### Ella Ewing Circle

#### With Miss Carlson

"A Trip Thru Japan by Jinriksha" was the topic of an interesting meeting of the Ella Ewing Mission Study Circle of Central Christian church Tuesday evening at the home of Miss Esther Carlson, 324 South Clay avenue. At the business session, Miss Pearl Allison was elected a delegate to the State Convention of the Disciples of Christ next month in Taylorville.

The following program was carried out, with Miss Mary Dewees as leader:

Devotionals—Miss Pearl Allison. Business session, with Mrs. George C. Peck, presiding.

"The Conversion of Ann Susan to Missions"—Miss Marie Finney. Story, "A Circle Girl's Service"—Miss Anna Deters.

Book review, "A West Pointer in the Land of the Mikado"—Miss Pearl Jewsbury.

"Women of the non-Christian lands"—Mrs. Peck.

A social hour followed the program, with the serving of refreshments.

### Long Family Hold

#### Pleasant Reunion

The sixteen wedding anniversary of Rev. and Mrs. Arthur Long of Coffeyville, Kan., was the occasion Wednesday of a pleasant family gathering at the Milton Long home, 815 South Diamond street. Mr. and Mrs. Long have been visiting in this vicinity for some little time, but have brought their visit to a close and will leave Friday morning to visit former parishioners in Burlington, Ia., before returning to Coffeyville, where Mr. Long is pastor of the Christian church. Dinner was enjoyed at noon at the Long home and after several hours of enjoyment reminiscence and social conversation, the party went to Nichols park for the evening meal.

There were present at the gathering Wednesday Mrs. Louisa Long, Miss Ida Long, the Rev. and Mrs. Arthur Long and three daughters of Coffeyville; Mr. and Mrs. Bert Long and Mr. and Mrs. Ross Long of Markham and Mrs. Clara Long and son, Edwin, of Arenville.

### Cafeteria Supper at

#### Mt. Zion Church.

Ladies of Mt. Zion M. E. church west of the city, gave a cafeteria supper and parcel post sale Tuesday at the home of Mr. and Mrs. W. G. Wolfe near Markham. The event was well patronized and a good sum was cleared, in spite of the fact that the weather was somewhat threatening. Mrs. Emma Johnson as president of the Ladies' Aid society had this annual event in charge. The menu was an excellent one and all who attended were more than pleased with the abundant hospitality offered.

## MATRIMONIAL

### Bourn-Moss

Leo Claud Bourn of near Litterberry and Miss Ruby Pearl Moss of this city were united in marriage at the Jacksonville Circuit M. E. parsonage at 8 o'clock Wednesday evening by the Rev. G. T. Wetzel. They were attended by Miss Rosa Sheppard and Russell Fairfield. The groom is the son of William Bourn and is a farmer by occupation. The bride is the daughter of William Moss of this city. Both are highly respected young people and will have the best wishes of a large number of friends for many years of married happiness.

**Waide-Foreman.** Miss Jane Foreman has gone to Brookfield, Mo., where Wednesday evening she attended the wedding of her niece, Miss Hazel Foreman to Mr. Benson Waide of Detroit, Mich. The ceremony was said at the home of the bride's parents, Mr. and Mrs. J. F. Foreman. After a brief wedding trip Mr. and Mrs. Waide will go to Detroit to make their home.

The bride was well known in this city, having visited a number of times at the home of her grandparents, Mr. and Mrs. N. O. Foreman.

**Daniel-McPherson.** The marriage of Roy Daniel of Roodhouse and Edith May McPherson of this city took place Tuesday at the court house. Judge W. E. Thomson officiating. Marshall Daniel of Murrayville, a brother of the groom, and Mrs. Daniel, witnessed the ceremony. Mr. and Mrs. Daniel will reside on a farm near Roodhouse.

### EILETT-BIGELOW WEDDING

Highland Falls, N. Y., Aug. 15.—A wedding of wide interest in social circles today was that of Miss Jane Poultny Bigelow, U. S. A., and Jor John Eillett, U. S. A., and granddaughter of the late John Bigelow, the author and diplomatist, and Thomas Harlan Eillett of New York, now in the Reserve Officers' training camp at Fort Meyer. The ceremony was performed at the Bigelow summer home near this place.

## WILL CANVASS FOR NEXT YEAR CHAUTAUQUA TODAY

Ticket Sale to Begin Now and thus Avoid Annoyance of Platform Solicitation—Committees for Work Appointed.

The solicitation for the 1918 chautauqua will begin today in the business district. A number of teams have been formed and the management hopes to secure such sales that on the opening day of the chautauqua announcement can be made of a thousand tickets guaranteed for 1918.

In several past years the solicitation from the platform for the sale of tickets has taken up a great deal of valuable time and has in a number of instances delayed the presentation of the scheduled program. The plan this year contemplates getting rid of the tedious platform campaign for the sale of tickets. One director who talked about the matter yesterday indicated that it is the unanimous opinion of the directors that there shall be no platform solicitation. They propose to put it up to the people thru the committees and by brief announcement and then the question of whether or not there shall be a 1918 chautauqua is one for the patrons to decide.

The chautauqua directors devote a great deal of time and effort to the chautauqua and they naturally are of the opinion that there is no reason why they should have any special anxiety about the continuation of the enterprise from year to year unless the people are enough interested to make their ticket guarantees without being continually begged and solicited.

As previously stated, the chautauqua board has agreed with the park board that any excess profits from the chautauqua shall be expended in beautifying the park, when one studies the program arranged for this year there cannot be but some appreciation of the wonderful entertainment values which are given for \$1.50. There are a number of attractions in the program for which under ordinary circumstances a one time admission fee of \$1.50 would be charged. The committees which have been named for the work today and the territory assigned them follow:

1. South Sandy from square—Terrence Brennan, Joseph Gomes.

2. South side square from Sandy to South Main—F. J. Heintz, E. M. Vasconcellos.

3. South Main, both sides from square to Brook Mills—Rev. W. E. Spooner, W. F. Widmayer.

4. South side square from South Main to Mauvaisterre and Mauvaisterre—V. J. Brady, W. F. Widmayer.

5. East Morgan and east side of square to East State—J. Vasconcellos or J. W. Merrigan.

6. East State from square, both sides—E. Gansse, Chas. Mathis.

7. East side square from East State street, North Mauvaisterre and east side North Main street—T. M. Tomlinson, J. E. Martin.

8. West side North Main and north side square from North Main to Sandy—Geo. P. Davis, Henry Frisch.

9. North Sandy, both sides, from the square and both sides West Court—Geo. Lukeman, J. S. Findley.

10. West side square from West Court street to West State and north side West State street—H. J. Rodgers, C. B. Graff.

11. South side West State and west side square to West Morgan and West Morgan street—Carl Weber, Carl Robinson.

Mr. and Mrs. Homer H. Potter have returned from a two weeks' vacation trip, which was pleasantly spent in St. Joe, Mich.

## MRS. M. C. OLIVER DIED AT HOSPITAL WEDNESDAY

Well Known Resident's Final Illness Was of Short Duration

The community heard with painful surprise Wednesday of the death of Mrs. Martha Capps Oliver, which occurred at Passavant hospital. For a number of months Mrs. Oliver has been in declining health but only for a week past has she been a patient at the hospital. The daughter of one of the most influential citizens that Jacksonville ever had, the late Joseph Capps, it fell to the lot of Mrs. Oliver to spend practically all of her life in this city.

Here have been years of usefulness and in her unremitting toil it was characteristic that she lost sight of self and thought continually of the well-being of her relatives and friends. Altho Mrs. Oliver was busy with household cares she found time to devote to literary work and several volumes of verse have come from her pen and will ever remain as an indication of her beautiful spirit and as an inspiration for better and higher living. Mrs. Oliver had been identified with Grace M. E. church since the days of girlhood and had been unflinching in her devotion to that church organization.

Mrs. Oliver is survived by two sisters, Miss Emma Capps of this city and Mrs. Effie McCabe of Oxford, Ohio, and one brother, Charles C. Capps of this city.

The funeral services will be held Friday afternoon at the residence, 518 North Church street, in charge of D. F. A. McCarty.

### ROBBINS RUSSEL IN

Friends of Robbins Russel, now living in New York City, have been advised that he has been drafted for army service and has been summoned to appear before one of the New York exemption boards. If it is finally decided that Mr. Russel must enter the service he will be the much better equipped because of his connection as a lieutenant of Co. B in this city.

Miss Nona O'Donnell has returned to her home in Springfield after a visit with the family of her brother, L. F. O'Donnell, on South Diamond street.

## Kidney Troubles Can Be Avoided

You cannot afford to neglect the slightest kidney ailment—it's hazardous to do so. The poisonous waste material must be separated from the blood and if the kidneys become weakened this is impossible.

### That Means a Poisoned System

That's why neglect means trouble—the ailment becomes chronic and results in Rheumatism or Bright's Disease.

RED CROSS PROGRAM  
AT CHAUTAUQUA TENT

Ex. Gov. Yates and R. J. Shaw Will Speak Tonight—Splendid Musical Program.

The chautauqua grounds now present the appearance of a city of tents. The big tent has been erected and practically all of the smaller ones are in position. As previously mentioned, they are grouped this year a considerable distance north of the former location. The big canvas is much nearer the bridge than heretofore and consequently is more accessible.

Altho the chautauqua program proper does not begin until tomorrow, a monster Red Cross meeting has been arranged for tonight with free admission. Former Gov. Richard Yates, who is state organizer in Red Cross work, will make an address and will be followed by Robert J. Shaw of the American ambulance corps who but recently returned from France, where he saw active service. The music for tonight is under the direction of Mrs. Helen Brown Read, who will sing several numbers. Mrs. Read has arranged for a double quartet and the whole musical program will be of a quality worthy of the occasion.

**HELD SPECIAL ELECTION.**  
At the regular meeting of Jacksonville Aerie held Wednesday evening the aerie voted to pay the dues of all members who have joined the colors. So far two members of the aerie, A. S. McCollister and L. P. Burke are in active service. It is expected that the National convention of the order in session at Buffalo this week will also provide a special insurance for all members of the order in service.

A special election also was held to fill the vacancy in the office of Worthy Vice president. A. A. McCollister, a member of Co. B, was elected to the office at the regular election held last December. Worthy Collier a member of Co. B who was to the office of Worthy Vice president and Howard Johnson, Worthy Conductor was elected Worthy Chaplain. Worthy President Frank D. Kelly appointed Henry Hering as worthy Conductor for an unexpired term.

## ATTENDED SUNDAY SCHOOL CONFERENCE

Thomas V. Hopper recently attended a Sunday school conference held in connection with the chautauqua at Winona Lake, Ind., and was greatly impressed by the work accomplished there. The conference was held under the direction of Marion Lawrence, secretary of the International Sunday School association, assisted by others prominent in Sunday school work. Instruction is given on modern and efficient methods of conducting the Sunday school, those in charge of the course being men and women who are thoroughly familiar with all phases of the subject.

Attendance at the convention this year was unusually large, fully that of last year. The Winona chautauqua is next in size to the one at Chautauqua, N. Y., and its program includes every subject which can be classed as educational. The Sunday school convention is held in connection with "modern church week" and is of great practical value to those engaged in Sunday school work.

## TIES COMING FOR STREET

**RAILWAY**  
Supt. Gray of the Jacksonville Railway & Light company said yesterday that he has notice of the shipment of five cars of railroad ties. The delay in getting these ties has interfered to some extent with paving operations. This shipment, however, will furnish two thirds enough ties for all the street railway work in contemplation on East State, South Main and West State street. Mr. Gray mentioned that some of the ties are hard pine, as railroad companies in the past year or two have found that ties made from this wood and properly creosoted will last as long as the oak ties.

## Y. M. C. A. PHYSICAL DIRECTOR IS HERE

A. R. Weddel, who was recently chosen to serve as physical director of the local Y. M. C. A., arrived in the city yesterday from Peoria. He will assist Secretary J. S. Findley in the organization's tent at the chautauqua and will also aid in arranging the program which Y. M. C. A. classes will give one evening during the assembly. Work in the gymnasium will not commence until after Sept. 1 and the intervening time will be spent in preparing for the fall work.

Mr. Weddel has been for the past year in charge of one of the recreation centers in Peoria. Prior to that time he served as assistant physical director of the Y. M. C. A. there and comes to the local organization well recommended.

## LASSING THE ELK

There was considerable commotion for a while at Nichols park yesterday morning when the time came to put the elk into the crates prepared for them. Rev. W. E. Spoonstons was on hand and while he didn't have the traditional lariat suitable for lassoing he had the true skill and grit that characterized him when a Texas cowboy and which has been so useful since in fighting the powers of evil.

He had little trouble in landing the loop over the horns of the male and in due time the animal was placed in the crate prepared for him. The little one was caught easily enough and both were made ready for their voyage to their future home in Springfield.

STATE TO WAR AGAINST  
TUBERCULOSIS IN ARMY

Director of Health Department Appoints Anti-Tuberculosis Committee Chairman in Every County—Campaign Attempts Two Things.

Springfield, Ill., Aug. 15.—Illinois threw up the first parapet in its defensive war against tuberculosis in the army today with the appointment by Dr. C. St. Clair Drake, director of the department of health, of an anti-tuberculosis committee chairman for every county in the state.

Co-operating with the health department are the state council of defense and the Illinois Tuberculosis association of which Dr. George T. Palmer is chairman. Dr. Drake has turned over the anti-tuberculosis work to Dr. Palmer who is assistant-director of health.

White Plague May be Menace.

First reports from counties in response to a letter of warning by Dr. Drake to exemption board physicians indicated that the white plague may be a menace to the United States army as it has been to European commands.

1. In one county, it was reported, out of 246 men registered 44 were rejected on account of tuberculosis taint, and in another county in the other end of the state 21 were rejected out of 100 examined.

The campaign of the state health department is attempting two things:

1. To keep men of tuberculosis tendencies out of the army.

2. To make provision for the proper care and treatment of consumptive soldiers who return from actual warfare.

To Organize Immediately.

The second of these according to the plan on foot, will occupy the county committees to be organized immediately.

In outlining the plan, Dr. Palmer sets forth the following facts:

"To prepare for the return of consumptive soldiers, of whom there have been thousands in Canada, England, France and Russia, each Illinois county is expected to establish hospital facilities for active cases, sanatorium camps for the more favorable cases, free tuberculosis dispensaries and visiting nurse service. This work will be carried out in the various counties by the following county chairmen who will be aided by sub-committees of public spirited men and women. The medical work will be supervised by a county medical director in each county chosen with the advice of the county medical society on account of his special skill in the diagnosis of tuberculosis, or his willingness to take special training in that line."

The County Chairmen.

The county chairman, constituting the membership of the State Co-operating Committee, are:

It is difficult for people today to appreciate the fears and rumors of war at the beginning of the Civil War.

There was what would afterwards have been called a sort of "Guerrilla" leader, named Mart Green, who made things decidedly interesting for the loyal people in North East Missouri, near Quincy, during the first few months of the War. He was not by any means to be despised.

So it came about that he was reported as about to attack Quincy, then the second city of this state. Fortunately, there was "one wide ribber to cross", and our people were prompt to take action. So Mart never got in his work there.

But one Sunday in (probably early) August, of 1861, word came that Quincy was threatened, that a regiment was to be sent from Springfield, and that Mr. Connel's company was to go from here. So it happened that the boy who can now write about old times just had to go down to the old Wabash depot on North Main street, after church, and see what was going on.

He found a regiment down from Springfield, on a train, with a gun or two on an open flat car, and our company waiting to get accommodations.

The train got away, after a delay that might kill a modern conductor, and the outfit went to Quincy.

The writer of these sketches recently wrote to Major Geo. M. McConnel, who commanded our company, and he kindly furnished the following account of what our people went through. It may be remarked that Major McConnel is now sojourning in Fairhope, Alabama, where he has a son living.

"I think the military organization which I commanded in 1861 and '62, may have been called, by some of the people who were not in it, a kind of 'Home Guard,' but it was known to its members as a kind of drill club, and was to me, (though I never said so) a military preparatory school, and though many things of that day have died in memory, I think some of its members afterwards held better places in active service than they could have filled had they not had this bit of preparation.

Through my older brother and a rifle company which he had in Jacksonville in about 1852 or '53, whereof I had been a very deeply interested member, I chanced to have some knowledge of company and battalion tactics, then changing from the old, heavy three-rank system of Gen. Scott to the lighter open order form, known in that day as the 'French system.' Gov. Yates asked me to study further and spread the knowledge as widely as I could. This about the time the boat load of arms was shipped out of the St. Louis arsenal (whence the Secessionists expected to take them in a day or two), and were taken to Alton and thence by rail to Springfield. This Club had no real organization. It was a purely voluntary affair and its membership was constantly changing. They called me 'Captain' but I had no claim to the title, and not a shred of authority, only such influence as my personal character might exert.

After the McClernand brigade had been hurried to the front, the 60 muskets (old flint locks changed to percussion) which the brigade officers had used for instruction, were turned over to me because of the instruction work which I was doing. One Saturday afternoon, late in the summer of 1861—I think, it is dim in memory as to date—the Adj. Genl. of the state wired me that Quincy was threatened by Mart Green (brother of the Mo. senator) that he, the A. G., was sending by the now Wabash railroad, a new regiment to Quincy, which would pass through Jacksonville about 8 o'clock in the evening, and that arms for the regiment were then on the way to Q. by another railroad! (Think of the absurdity of the situation! A thousand men, not one in ten of whom had

authorities and compliance there-with demanded: 'It shall be the duty of the owner or person having charge of any swine to burn or deeply bury in quick lime, the carcasses of all hogs dying of cholera, and to thoroughly clean and disinfect by a liberal use of air-slaked lime or other standard disinfectants, all yards and feed lots accessible to hogs affected with cholera.'

"No person shall convey upon or along any public highway or other grounds or any private lands, any swine known to be affected with cholera."

Sealed proposals for the installation of a Steam Heating System at the County Farm, will be received by the Board of Commissioners of Morgan County, at the office of C. A. Boruff, County Clerk, on or before 10:00 o'clock a. m. on Saturday, August 18th, 1917, and will be opened at said time and place. Plans and specifications may be had at the office of J. K. C. Pierson, architect, Room 606 Ayers Bank Bldg. Right reserved to reject any and all bids.

VISITORS FROM PIKE COUNTY. Mr. and Mrs. Jesse Erick and son Edgar drove from their Pike county home yesterday to spend the day with Mr. and Mrs. William Cocking. The son, Edgar, will remain in Jacksonville for a week or more as a guest at the home of Mrs. Sarah Cocking.

Harry Ogle and Elmer Smith of Grace Chapel vicinity were in the city last evening making final preparations for the chicken fry at the church this afternoon.

STATE OUTLINES SERUM SALES RULES

The state department of agriculture has issued regulations, effective to govern the sale, distribution and use of anti-hog cholera serum and hog cholera virus, as follows:

"All anti-hog cholera serum sold or imported into the state of Illinois for sale, distribution or use, shall be the United States bureau of animal industry.

"All hog-cholera virus used for immunizing hogs against cholera shall be administered by licensed veterinarians, or by owners to whom a permit has been issued by the chief veterinarian.

"In the matter of controlling outbreaks of cholera provisions of an act to prevent the spread of contagious and infectious diseases among swine should be promptly reported to local

**MRS. LOGAN ACTIVE IN WAR WORK**

Washington, D. C., Aug. 15.—  
One of the most active of the  
women war workers in the national  
capital is Mrs. John A. Logan, who  
today enters upon her eightieth  
year. Few women have had a long-  
er or more intimate acquaintance  
with military life than has Mrs. Lo-  
gan. Her father was a soldier of  
considerable renown, whose home  
she left to become the bride of John  
A. Logan, who later was to win fame  
as a civil war commander, Indian  
fighter, United States senator, and  
candidate for the vice-presidency.  
Her only son, Major John A. Logan,  
Jr., was killed in battle with the  
Filipino insurgents in 1899. And  
now the venerable daughter, widow  
and mother of men who fought for  
the flag is now following the for-  
tunes of a grandson who was among  
the first to join the colors in the  
present war.

**BOARD REJECTS WOLGAST.**  
Milwaukee, Wis., Aug. 15.—Ad-  
Wolgast former light weight cham-  
pion, today was rejected for service  
in the national army. Wolgast has  
been a patient at a local sanitarium  
for several months. He did not claim  
exemption.

**GIANTS AND BROOKLYN DIVIDE DOUBLE BILL****DODGERS CAPTURE FIRST GAME BY 3 TO 0 SCORE**

Giants Outthit Brooklyn in Initial Game But Fail to Come Thru in the Pinches—Russell, a Recruit, From Vancouver Proves Unsteady in Second

New York, Aug. 15.—New York and Brooklyn divided a double header for the third straight time here today. Brooklyn won the first game 3 to 2 and New York the second 7 to 1. The Giants outthit Brooklyn in the first game but failed to come thru in the pinches. Wheat, a pinch hitter drove in the winning run in the ninth. Brooklyn used John Russell, a recruit pitcher from Vancouver in the second game and he was unsteady.

## UNCERTAINTY OF PEACE MOVE LOWERS GRAIN

Corn Closes Heavy At 5½ to 7½ of a Cent Net Lower—Wheat Finishes 4 Cents Down But Steady.

Chicago, Aug. 15.—Uncertainty today over the new peace move and in regard to food control developments had a tendency to dampen grain quotations. Corn closed heavy at 5½ to 7½ of a cent net lower. Wheat finished 4 cents down but steady at 82½ September. The oats outcome was unchanged to ½ cent. Provisions showed an advance of 12 to 15¢.

Sellers had the advantage from the outset in the corn market. Only minor rallies took place and they served no purpose but to increase the pressure from the bears. Reports that distillers were again free buyers at Peoria attracted considerable attention but were offset by the fact that other industries appeared to have withdrawn temporarily as buyers in the market here. In wheat there was a sharp decline owing to the liquidation by scattered holders who were confronting a certainty that within ten days business in future delivery would be a thing of the past. Oats gave way with other cereals. A contributing cause was an official statement that according to present prospect this season, Iowa would yield nearly 50,000,000 bushels more than last year.

Provisions advanced in response to a continued record-breaking advance in the hog market.

## DEALINGS DENOTE GREATER CONSERVATION

Alternate Declines and Recoveries Furnish An Indication of the Uncertainty in Speculative Quarters.

New York, Aug. 15.—Trading in stocks today was again influenced by the latest peace proposals. Dealings denoted greater conservatism, alternate declines and recoveries, furnishing an indication of uncertainty in speculative quarters. There was a diminution of action in stocks which derive their support from professional interests. General Motors made an extreme decline of 4½ to 10½, and Maxwell common and 2nd preferred were heavy on the suspended dividends. Tobacco sustained a moderate setback. Shipments are the most prominent feature, with preference gaining ½ at its best. Coppers, sugars, distillers and the fertilizers embraced the other strong stocks.

United States Steel was sluggish most of the time but came forward later, closing at its high point of 12½, a net gain of 1½ points. Rails were barely steady on infrequent offerings. Total sales amounted to 755,000 shares.

**Catarrrhal Deafness Cannot Be Cured**

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrrhal deafness, and that is by a constitutional remedy. Catarrrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All Druggists, 75c.

**WHITE HALL POSTOFFICE  
IN NEW QUARTERS**

City Mail Delivery System Soon to  
Be Inaugurated—Head on Col-  
lision on C. & A. Near Pleasant  
Hill Tuesday—Green County  
Notes.

White Hall, Ill. Aug. 15—Frank W. Dillman returned to New Franklin, Mo., today, after spending a few days with his mother, Mrs. Ester Dillman. His orchard proposition in Missouri is interesting him very much.

Mr. and Mrs. Bert Andersen were Sunday visitors in Springfield. L. O. Goodrich is a sufferer with boils, and is laid up at his home as a result. Henry Peters is serving in his place as operator at the C. & A. station.

The swimming pool on the chalet grounds was put in service last Saturday, and has already proved to be a very popular resort. The completion of the dam in Seminary creek has enabled the pool to fill up gradually. The dam is a splendid piece of work, the engineering being done by Dean Corsa, and will make a body of water covering two acres.

Dean Corsa has gone east to visit his folks, previous to going in to training in the Officers' Reserve camp, having been commissioned in the Engineering Corps.

**Up to Date Facilities for P. O.**  
The White Hall Post Office is now in its new quarters in the Myerstein building adjoining White-side Park. The delay in moving as announced last week was overcome by arrangements being made for the use of the box equipment that had been received. A threatened hitch in the matter of installing the boxes promised an indefinite delay in moving, and the change came with a suddenness that took the community by surprise. The quarters are now the finest in this section of the state, there being every up-to-date facility for the convenient dispatch of business in the way of receiving and dispatching mail and parcels, and for handling the money order business. The room is ample for the business, there being good ventilation and plenty of room for the working force, which included, aside from the Postmaster, J. E. Wyatt, the deputy postmaster, George Peters, and the four assistants, Walter Sheppard, Carl Davidson, Ewart and Lewis Vandaveer. The postal receipts have passed the \$10,000 per year mark, and the city authorities are now at work marking the streets and houses for the purpose of inaugurating city delivery, which will come in a short time after the city has complied with the requirements of the postoffice department.

Mayor Robert Whiteley, Jr., was over from Carlinville today. He became well known in this senatorial district last year in making the race for the republican nomination for minority representative.

**Change in Burlington Way**  
White Hall has set the ball to rolling to secure a change in the route of the Burlington Way between White Hall and Alton via Carrolton and Jerseyville. The matter was brought up at the annual meeting at Springfield Monday by E. C. Boehm, local vice president of the Burlington Way, and the matter is now in the hands of the executive committee of the Burlington Way Good Roads association, upon whom pressure is being brought to bear by those interested in the change. H. C. Wilhite, father of the Burlington Way, has become friendly to the move, and it is believed the proposition to thus shorten the route by fourteen miles over a route that has been greatly improved during the past few years will soon meet with favorable action that will add another stretch to the Burlington Way system that will greatly enhance the importance of the trail, now considered the largest and best marked system of highways in the world. The move thus started by Mr. Boehm has met with response from local supporters of the Burlington Way that is gaining wide influence.

James Naugh, a former resident, is here from Omaha. Mr. and Mrs. D. P. Nevius, of Decatur, are spending the week with relatives here.

**Freight Trains Collide**  
A head-on collision of two C. & A. freight trains, resulting from a misunderstanding of orders, occurred on the western division, two miles east of Pleasant Hill about 2 o'clock Tuesday afternoon, in which two engines and about fourteen cars were practically demolished. The local freight, No. 192 east bound, left Pleasant Hill at about the same time freight No. 127 west bound, came together on a sharp curve. Traffic was tied up for twelve hours. The engine crews had narrow escapes and it is miraculous that there were only slight injuries. The fireman of the west bound freight did not have time to jump, saving his life by crouching in one corner of the cab beside the boiler. The tender of the east bound freight was buried inside the car next to it, and the tender of the west bound freight plunged into the boiler of the engine, but did not cause steam or hot water to escape and scald the pinioned fireman, Jesse Hawk, a resident of Roodhouse. The local freight was in charge of Conductor Alexander, and No. 127 was in charge of Conductor Edwards.

**R. E. HARMON HERE  
FROM PACIFIC COAST**

Has been Engaged in Coaching Foot-  
Ball Teams in West—Was Star  
Player at Illinois College

Robert E. Harmon better known to Jacksonville and Illinois College as "Red" Harmon is at home after an absence of several years on the Pacific coast.

After graduating from Illinois college where he was regarded as one of the greatest football players that ever wore the Blue and White, Harmon attended Creighton University where he played football. Since leaving school he has been actively engaged in coaching and has been able to impart his knowledge of the game to others.

When he first went to the coast Mr. Harmon was coach of Gonzaga college at Spokane and was regarded in the same class as Doble and Bezdek as a coach. Two years ago he went to the Farm school of the University of California. His work there also was excellent as his team only dropped one game last year and that by a score of 3 to 0.

Mr. Harmon did not sign a contract with the California farm school for the coming year and has no definite plans at the present time. In conversation with a Journal reporter yesterday he said that it was impossible to tell what would be the future of athletics the coming year. However he predicts that athletics will be maintained in all of the colleges and universities and he may accept a position as coach in some school in this section of the country.

**FRANKLIN MEN PLACED  
UNDER BOND**  
Charles Wright of Franklin was  
arraigned before Justice Dyer Wed-  
nesday charged with a statutory of-  
fense and also with assault with in-  
tent to kill. He asked for a change  
of venue which was granted and the  
case was heard before Justice Hen-  
derson. After hearing the evidence  
the court fixed Wright's bond at  
\$1,000 on each charge in default  
of which he was sent to jail to await  
the action of the November grand  
jury. States Attorney Carl E. Rob-  
inson appeared for the people and  
was assisted by John M. Butler.

**BLUFFS YOUNG PEOPLE  
ENJOY WEINER ROAST**

Miss Pearl Rockwood Entertains  
Friends at Burbank Grove South  
of Town—Other Bluffs News It-  
ems

Bluffs, Aug. 14—Miss Nadene Gibbs of Beardstown is the guest of Mrs. E. L. Kendall and family. Miss Pearl Rockwood recently en-  
tertained about seventy five of her friends to a weiner roast and marsh-  
mallow toast at the Burbank Grove  
south of town. The affair was ar-  
ranged by Misses Rose Botterbush,  
Nina Morris and Pearl Rockwood.  
The party was chaperoned by Mr.  
and Mrs. Lee Morris and Mrs.  
George Rockwood. It is needless to  
say that the young people enjoyed  
the event greatly and the older ones  
as well.

Miss Ruth Scott returned from  
Detroit, Mich., where she has been  
employed by a telephone company  
for several months. She thinks  
Illinois is good enough for her and  
is very well satisfied with Bluffs.  
Born to Mr. and Mrs. Wm. Bot-  
terbush Jr., Aug. 13, a daughter,  
sixth child.

Miss Mildred Walker of Win-  
chester spent last week with Mrs. E.  
G. Thomas.

John Summers of Tulsa, Okla.,  
has been visiting relatives here. He  
left Tuesday evening for a visit with  
relatives in Indiana before return-  
ing home.

Mrs. Frank Bentz and children  
visited with relatives near Winches-  
ter the first of the week.

Mrs. J. Sappington of Winchester  
is the guest of relatives in town.

Miss Garnet Patton has returned  
from Jacksonville where she has  
been the guest of relatives.

Mrs. Ella Grey left Tuesday even-  
ing for a business visit in St. Louis.  
Mr. and Mrs. Frank Lyons have  
moved their household goods to the  
George J. Vannier property in the  
east part of town.

Miss Hallie Northcott is the  
guest of relatives in Concord.

Mrs. John Seeman and sons were  
Jacksonville shoppers Tuesday.

**STANDARD PAVING CO.  
PUSHING WORK HERE**

The Standard Paving company  
has leased the Gause Building on  
South Sandy street and a force of  
Italian workmen is quartered there.  
The company is using some local  
labor but cannot find nearly enough  
men here to take care of their work  
promptly. It is going to mean the  
utilization of a large force if this  
company finishes all of its asphalt  
contracts here, for these contracts  
cover Prairie street, Mound avenue  
and West State street.

The work of putting in the con-  
crete curb and gutter on West State  
street is proceeding rapidly. After  
finishing up on Mound avenue the  
workmen were taken to West State  
street and began operations there  
near Webster avenue. Most of the  
old curbing has been removed be-  
tween Webster avenue and Caldwell  
street and the concrete curb on both  
sides of the street is about half  
completed for that same distance.

**ENGLAND REPORTS  
LATEST VICTORY**

Jacksonville Man Des-  
cribes Recent Exper-  
ience With Tanlac

James England, prominent local  
retired farmer of 302 North East  
street, has been a resident of this  
vicinity all of his life and he is known  
to practically everyone. His state-  
ment regarding Tanlac, the new med-  
icine should therefore prove of in-  
terest to many.

"For the last twelve years I've  
been bothered with a chronic cough,"  
Mr. England said on May 4. "My  
kidneys were out of shape, too. I'd  
cough so severely at night that I  
just couldn't go to sleep and would  
lay awake for hours. My kidneys  
were weak and made it necessary  
for me to be up several times during  
the night."

"Mrs. Marshall, a friend of mine  
had been benefited by Tanlac and  
she finally persuaded me to try the  
new medicine. My cough has im-  
proved greatly now and I've taken  
only half a bottle of Tanlac. My kid-  
neys scarcely bother me at all, any-  
more. Half a bottle of Tanlac has  
done me more good than all the other  
medicine's I've ever used and I  
feel sure this preparation will com-  
pletely banish my troubles in a short  
time."

Tanlac is now being specially in-  
troduced and explained in Jack-  
sonville at the East and West side stores  
of the Coover-Shreve Drug Co. It is  
sold in Waverly at the Wyle Drug  
Co.; in New Berlin at the New Ber-  
lin Drug Co.; in Ashland at H. O.  
Brownback's; in Versailles at A. G.  
Bates'; in Chapin at F. P. McKin-  
ney's; in Roodhouse at W. D. Ber-  
ry's; in White Hall at the City Drug  
store; in Bluffs at F. T. Curtis'; in  
Pittsfield at J. H. Barber & Co.; in  
Loami at L. M. VanDoren's; in Diver-  
non at E. G. Haug's; in Manchester at  
C. D. Chapman's; in Winchester at  
the City Drug Store.—Adv.
